PRODUCT & SERVICE OFFERINGS

Cordros Capital Limited offers the following services:

- Brokerage & Shares Dealing Services
- Portfolio & Wealth Management Services
- Financial Advisory Services
- Research and Investment Analysis

Brokerage & Shares Dealing Securities

Cordros will assist investors to buy and sell shares on the floors of the NSE irrespective of their investment objective. We shall also provide research information to assist clients who prefer to actively trade on their portfolio. Securities' trading involves taking short term position in the stock market for capital gains and dividend income.

Portfolio & Wealth Management Services

Cordros provides to its clients personalized portfolio and wealth management services.

We ensure that every mandate from our clients will remain secure and confidential.

In addition to our personalized investment services, this programme is designed for clients who seek for long term

optimal returns on investment. Cordros shall provide tailor made investment solutions to suit clients' preference and risk tolerance to enable them realize their objectives in the capital market.

Financial Advisory Services

Our business and investment advisory services cover the following areas:

- Business planning and strategy
- Business and company valuation
- Identifying and packaging of businesses for SMIEIS financing

Research & Investment Analysis

Cordros Capital's research expertise is at the centre of the value proposition offered to clients. Our research analysis provide insightful and objective research that is designed to enable clients to make informed investment decision.

Our core research competency includes:

- Equity Research
- Fixed Income Research
- Economic Research
